Many KH Students Eligible for EdChoice "Vouchers"

Parker, P Ridge, & Woodward

KH elementary students (grades 1-8) who do not choose a magnet school are assigned to John Parker, Pleasant Ridge, or Silverton. High schoolers are assigned to Woodward.

Because of the schools' poor performance on state tests, the State of Ohio will pay for Parker, P Ridge, & Woodward students to transfer to private schools. The State calls its program *EdChoice*.

Who's Eligible

- All students in schools that are in *Academic Emergency* (Parker & Woodward HS) or *Academic Watch* (Pleasant Ridge).
- Incoming kindergartners, freshmen, or students now attending charter schools who would otherwise be assigned to a failing school are eligible.

*Students already attending private schools are **not** eligible.*

See a list of parochial schools near KH on p. 3

Full Tuition for Some Schools

The State of Ohio will pay up to \$4,250 (elementary) or \$5,000 (high school) for next year's tuition at a private or parochial school. Like most of the Catholic Schools, Nativity accepts the EdChoice voucher, as do Yavneh, Purcell and Roger Bacon.

Example

Nativity's tuition (2006) is \$2,465 for church members and \$3,645 for non-members. Either way, your child would have a "full ride."

If the tuition is more than the EdChoice voucher, parents must pay the difference.

Unless more than 14,000 students apply statewide, there are no income limits.

Application Deadline: 4/20/07

1. Apply to the private school. You have to be accepted there before you can apply for the voucher.
2. The school staff will help you with the EdChoice application.

KH Welcomes ballet tech !

The lease has been inked, & it's official.

Kennedy Heights is the new home of Ballet Tech Cincinnati. The dance school will be housed in the once Mr. Kelly's Night Club on Montgomery Rd. Until renovations are completed, classes are being held across the street in the KH Arts Center

In Ballet Tech's Own Words

Ballet Tech is a non-profit that uses the Art of Dance as a common language to promote unity and interaction between people of all walks of life.

Each year ballet tech presents Greater Cincinnati with major dance programs featuring professional and pre-professional dancers. The Season Series showcases a wide variety of artists, dance styles and music.

Our mission is to educate, entertain and amaze by providing diverse and innovative performances that have a phenomenal community impact.

Our vision is that ballet tech Ohio performing arts association is the international benchmark for excellence in dance.

See p. 3 for a sampling of current ballet tech classes.

KH's Un-Flying Pig Sap Walk-Bike-Run

Mark your calendar for Saturday, May 5. That's when KHers & friends emerge from hibernation and work out the winter kinks.

The Annual Sap Run pre-dates by at least a decade the Flying Pig Marathon, which by some strange coincidence has been scheduled for May 6. But the Pig can't hold a candle to the Sap.

Walk-Bike-Run...& Eat!

Unlike Piggers, Sappers not only have the option of running biking or walking, they travel a much saner distance (5k?) in their own neighborhood, knowing that a fabulous breakfast awaits them at the finish line.

And if you're not up for the grueling walk-bike-run...you can start at the finish and line up for a breakfast for & with champions.

Beverage Cave Communications

There are no longer any official obstacles to construction of the *Beverage Cave* adjacent to Cornerstone Missionary Baptist Church at Kennedy & Montgomery. Recognizing the Cave's victory on building and liquor permit issues, KHCC twice invited the owners to meet and discuss their plans for the future. The owners declined.

Mr. Barbeau,

From the Owner

I will be extremely busy in March also... I'm sorry, my time is valuable to me and I simply do not have the time for this meeting. I do however encourage you to send me any positive information, or if you can think of anything that will help towards the success of my business. I would love to hear it. Thank you,

*William G. Jackson III
Skyy Properties LLC*

From KHCC

Gentlemen:

We remain very concerned about the impact of The Beverage Cave on our community. It is unfortunate that you have not accepted our invitations to meet with community representatives.

We had hoped at a minimum that you would confirm assurances you made under oath when you testified at the Ohio Liquor Control Board hearing. Those included

- 1. The premises will be well lit*
 - 2. You will hire police officers on detail to patrol the premises*
 - 3. You will have surveillance cameras*
 - 4. Buddy will personally be working the facility full time*
 - 5. The premises hours will be 10:00 – 10:00 except Sunday and you will not open until after church services are concluded on Sundays. You are also considering staying open until 11:00 p.m. on Saturday.*
 - 6. You will not accept walk-up traffic*
 - 7. You will not sell individual cans of beer*
 - 8. You will not sell cheap wine like Mad Dog*
- We trust that you will take these steps and more to operate your business in a way that will not have a negative impact on the community.*

President of the Board of Trustees*

KHCC Considers UDOT Request

Two years ago KHCC contracted with a consulting firm to develop a "market feasibility study" of the area around the corner of Kennedy Ave. and Montgomery Rd. The \$35,000 study was paid for by a grant from the City of Cincinnati. It was completed last year.

The study identifies possible and best uses for the Montgomery Rd. corridor. Its recommendations for development include:

- Future commercial and retail spaces should be geared toward neighborhood service uses which benefit from local walk-up and drive-by patronage.
- The Arts Center, park (and potential new school) could anchor arts, cultural, and recreation-oriented uses with the district.
- Future uses could include
 - Live-work spaces (as part of mixed-use projects),
 - Cafes and specialty food vendors,
 - Book sellers,
 - Music-related venues,
 - Galleries and instructional spaces

UDOD

The first step in that direction was new zoning, putting it under the more pedestrian-friendly CC-P code which does not, e.g., permit drive-thru businesses.

The next step is to have the City adopt a "Uniform Design Overlay District" (UDOD) that incorporates the basic ideas in the study. The purpose of a UDOD is to:

- (a) Protect and enhance the physical character of the business district;
- (b) Prevent deterioration of property and blighting conditions;
- (c) Encourage private investment to improve and stimulate the economic vitality and social character; and
- (d) Ensure that infill development does not adversely affect the physical character of the area.

KH Education Forum February 10

On a blustery Saturday morning over 75 folks turned out to talk about their vision for a rebuilt Woodford School.

The forum had been advertised by a large postcard direct mailed to all KH residents in addition to hand-delivered pamphlets to over 2,000 residents

Organized by the Community Building Institute, hosted by KHCC.

Attendance: 75+

KH residents: 55

Others: Woodford LSDMC & staff.

After spirited discussion, participants voted their preferences on 2 questions.

1. *Support increased enrollment and capacity at Woodford Paideia to offer more opportunity for Kennedy Heights students to enroll?* **Yes:** 98%

2. *Which site would enable School-Community Learning Center to provide the most effective and accessible programs?*

- Kennedy & Montgomery: 66%
- Current Woodford Location: 30%
- Lumford Place (Shroder): 3%

In addition participants identified a substantial list of possible programs for the new school's community learning center.

All present were encouraged to become more involved as Cincinnati Public begins the process of planning the new school.

KHCC president Ernie Barbeau & education committee members Lydia Morgan & Duane Holm presented the results of the forum at the School Board meeting on February 27. The KHCC board advocates rebuilding the school at Kennedy & Montgomery.

Superintendent Blackwell: Woodford Will be Rebuilt

Although the School Board's Master Plan still says Woodford is on the list of schools to be "renovated," Superintendent Blackwell has assured KHCC that she intends for it to be rebuilt. From her letter to KHCC:

Plans to replace the Woodford School are moving forward as planned.

The new school will be designed to be an effective Community Learning Center to serve the entire community beyond the hours of the school day.

Building a school to meet the projected student needs of the KH neighborhood and the District continues to be a high priority of the Administration.

It remains our intent, and we continue to plan, to build the new Woodford on the current Woodford site because it is the best site for a school.

Even though I can appreciate the desire of some community members to build elsewhere, our best option is to build at Woodford

Rosa Blackwell, Superintendent
February 22, 2007

Open Enrollment at Woodford

Woodford Paideia is a "magnet school." It is located in KH. About 90 of the school's 500 students live in KH.

Like all other magnet schools, Woodford is holding "open enrollment." Students from anywhere in the District (including, of course, KH) are welcome to apply, as long as there are vacant seats. Principal Mennefield says there are still open spots at every grade (& 60 openings for Kindergarten!)

You'll need your child's birth certificate. If transferring from another school, bring the latest report card.
